

March 17, 1965
MW-M-1047

Dear Joe:

SUBJECT: [redacted]

Following our meeting with [redacted] we contacted [redacted] who with his colleague, [redacted] visited us Monday, 8 March. A very informative meeting was held after which all present inspected the enlarger. The meeting resulted in establishing a general agreement on the course of action to be followed. We now recommend the following:

1. We are in agreement with [redacted] view-point that the enlarger must be moved to [redacted] facility to facilitate his evaluation program.
2. We believe that we should join [redacted] in the evaluation program so that there may be a sharing of knowledge and experience which will ultimately be of benefit to all concerned.

Assuming [redacted] will receive a separate contract to evaluate the enlarger during a six month period, we submit the following Statement of Work:

1. Upon receipt of approval, we will ship the enlarger to [redacted] will install it and will maintain it there in optimum operating condition during the period of [redacted] contract.
2. We will maintain close liaison with [redacted] during the course of evaluation and will supply test materials or perform supporting experiments within the budget limitations shown on Attachment B.
3. We will submit monthly reports on our activities in the evaluation program.
4. We will submit a final report summarizing methods of applying the knowledge gained to improved instrument concepts and make recommendations as to the final disposition of the coherent enlarger.
